### £350

However, if an independent property manager is appointed to manage the property/land, only the first yearly property fee will be charged with future fees waived whilst the independent manager remains appointed.

If vacant land, only the first annual property fee will be charged with future fees waived whilst the land remains vacant.

## Property/Land Disposal

### £250

A one off fee is chargeable on the date of completion of the disposal of property/land, whether by sale or transfer out of the SIPP. This fee is per property, so if for example two members' SIPPs are involved, they will pay only half each. For properties that are sold or transferred within 12 months of acquisition, we will also charge the first annual property fee in addition to the Property/Land Disposal fee.

---

The annual fee will be due for payment immediately upon establishment of the scheme and on each subsequent anniversary date and will be collected within the anniversary month. InvestAcc Pension Administration Limited will be entitled to draw funds from the Newcastle Building Society Easy Access account or from other investment funds held in respect of each member in order to meet fees due. Fees may be paid directly by the member if required.

Interest is credited to the Newcastle Building Society Easy Access account quarterly, at a variable rate, current payment rates are detailed in our interest rate schedule. No bank charges apply to this account and the account cannot be overdrawn. We may receive payments (currently of up to 0.25% per year) from Newcastle Building Society based on aggregate cash balances held with them and keep these payments for our own account to cover banking administration services.

We do not currently charge for the closure of a SIPP, although costs may be incurred by the sale or transfer of an asset e.g. commercial property. However, if additional funds are received into your SIPP after the SIPP has been closed, we will charge a fee of £50 +VAT for each subsequent payment that we are asked to forward to a replacement pension plan, or annuity provider.

Note that in the event of the death of a member, beneficiary or successor under this scheme, we will treat each subsequent pension beneficiary as members for charging purposes.

The above list is not exhaustive and other services are provided. If additional services are required the fee applicable will be confirmed before any work is undertaken. InvestAcc Pension Administration Limited reserves the right to charge additional fees or amend the above fee structure at any time upon giving 30 days written notice to members.
