The fee includes pension commencement lump sums, flexi access drawdown income payments, capped drawdown income payments and uncrystallised funds pension lump sum payments.

Payments made to us by our designated Bankers

Deposits held in the designated bank account may receive interest, please see our website for details of the current rates and terms available.

We may receive payments (currently of up to 0.55% per year) from our designated bankers based on aggregate cash balances held with them and we will keep these payments for our own account to contribute to the costs of running our business and delivering a high-quality service and products.

Note that there is no minimum amount which must be retained in this account and that we can open additional accounts with other banks, without additional fees.

Timing of fees and charges for late payment

The initial and annual fee will be due for payment immediately upon receipt of money or assets into your SIPP and on each subsequent anniversary date and will be collected within the anniversary month. Other fees are chargeable as they become due. InvestAcc Pension Administration Limited will be entitled to draw funds from the designated bank account or from other investments held in your SIPP in order to meet fees due. Fees may be paid directly by the member if required. The fees we charge in respect of your SIPP must be paid when they are due. In the case of late payment, we will charge interest at the rate of 1% per month. If you close your SIPP at any time other than when exercising your right to cancel in the first 30 days, you will not receive a refund of fees for the unexpired part of the plan year.

Continuation of fees after death

Note that in the event of the death of a member, beneficiary or successor under this scheme, we will treat each subsequent pension beneficiary as members for charging purposes.

Payments received by your SIPP after it has closed

We do not currently charge for the closure of a SIPP, although costs may be incurred by the sale or transfer of an asset e.g. commercial property or land. However, if additional funds are received into your SIPP after the SIPP has been closed, we will charge a fee of £50 +VAT for each subsequent payment that we are asked to forward to a replacement pension plan, or annuity provider.

Non-standard transactions

The above list is not exhaustive and other services are provided. If additional services are required, the fee applicable will be confirmed before any work is undertaken. InvestAcc Pension Administration Limited reserves the right to charge additional fees or amend the above fee structure at any time upon giving 30 days written notice to members.

All fees are subject to the addition of VAT at the prevailing rate.
